**THE GROFFS ARE PROPRIETORS**  
**Of the Patent Mail Box Fasteners—A Big "Rake Off" is Alleged to Have Been Collected.**

Washington, June 8—(Bulletin)—The federal grand jury has voted to indict Samuel A. and Diller B. Groff, for conspiracy to defraud the government in connection with August W. Machen, the former superintendent of the free delivery of the postoffice department who was indicted last Friday, as exclusively telegraphed to the Advocate. The Groffs are the proprietors of the patent mail box fasteners from the sale of which to the government Machen is said to have profited through collusion with the Groffs to the extent of \$20,000 in the past three years, having, it is said, collected from them a forty per cent "rake off" on all moneys received by them from the government.

The Groff indictment will be reported later to the court. The grand jury did not consider any additional evidence in this case, having regarded the testimony taken in the Machen hearing entirely sufficient upon which to base an indictment against the Groffs.

**WELCOME RAIN**  
Plattsburg, N. Y., June 8—A heavy rain fall occurred throughout the Adirondack region last night, practically extinguishing the forest fires that raged throughout the woods for six or seven weeks. The rain came just in time to save the crops from almost complete failure.

**MURDERER**  
Who Protests His Innocence to the Last—Was Executed in New York Today.  
New York, June 8—Arthur Flanagan, colored, who was resented by the efforts of Senator Hanna, whose sister once worked in the Hanna family, was electrocuted this morning for the murder of a guard in the 7th district prison last October. Flanagan and a companion beat the guard to death, sawed the bars of the cell. His companion jumped last and was instantly killed. Flanagan went first and escaped but was later captured and tried. He protested his innocence to the last.

**Will Investigate.**  
Deputy State Game Warden Wm. Harlow of Millersport, called at the Advocate office Monday afternoon and stated that he would take the matter of the reported wholesale slaughter of robins and other songsters by Italian laborers along the tracks between Newark and Barnesville, to the State Game Warden. Mr. Harlow's attention was called to the alleged slaughter through a communication in last Thursday's Advocate. He will as soon as he hears from the State Game Warden investigate the matter to the fullest extent. Deputy Game Warden Wm. Harlow came from Thornville, where he arrested Frank Hummel for shooting ducks out of season. Hummel was released under \$100 bond. He will be tried next week before Justice of the Peace H. N. Edmonds.

**TERRIBLE INUNDATION AT EAST ST. LOUIS.**  
**Many People Are Driven From Their Homes By the Flood.**

**Number Drowned While Trying to Save Sufferers.**  
**Hundred Car Loads of Dirt Heaped Upon Washed Levee But it Helped Only For a Short Time.**

St. Louis, Mo., June 8—Fifteen employees of the American Car and Foundry works at Madison, Ill., are reported to have been drowned early this morning while trying to save the company's property. One hundred fifty other employees are now in great danger. Word has been sent to the St. Louis side to rush private yacht Annie Russell to the rescue. The Annie Russell started to the rescue, but could not force its way against the current and it is feared it cannot make it way to Madison. All Venice, Madison, portions of Granite City, and 15,000 acres of bottom land are flooded north of East St. Louis.

St. Louis, Mo., June 8—East St. Louis now seems doomed to a terrible inundation.

Mayor Cook has ordered all business suspended and all saloons closed.

At 10 o'clock this morning the river was lapping the Baltimore and Ohio levee, which had up to that time protected the residence and business district of East St. Louis. Hundreds of men were sent to the place and 100 car loads of dirt were heaped on the washed levee. This temporarily stopped the flow of the flood. The city's supply of dirt was exhausted and within half an hour the water was again crossing the dyke.

Collingsville avenue with its great business interests is in the center of the threatened district. The river at 10 o'clock stood 37.6 feet and was still rising. The crest, which will approach 38 feet, is expected tonight.

Suffering is intense in the cities above St. Louis. Thousands of people are homeless in East St. Louis, Belleville, and Granite City. Hundreds were sheltered in the Granite City school house this morning, in the city halls and in homes that are above the water. Loss of life is reported but not confirmed.

**BOUQUET**  
Thrown at Emperor William by a Woman Caused the Latter's Arrest at Berlin.  
Berlin, June 8—While Emperor William and the Empress were driving at Frankfurt today a lady threw a huge bouquet. It struck him on the head, injuring him slightly. The Empress, believing an attempt was being made on his majesty's life, sprang from her seat in alarm. The lady who threw the flowers, was the wife of a Frankfurt banker, and was arrested.

**Paper Makers Quit.**  
Holyoke, Mass., June 8—Two thousand paper makers went on strike this morning. Everyone of the 28 paper mills in the city is affected and the mills may have to shut down. A general increase in wages is demanded.

Many Houses and Shops Looted—Jewish Rabbi Was Treated in a Shameful Manner.

\*\*\*\*\*  
\* Berlin, June 8—A Jewish refugee, Abraham Gruenfeld, who today arrived here, described the recent anti-Semitic outbreak at Boalystok, Poland, as equalling in some details the massacre at Kichineff. The mob, he says, forced an entrance into the Jews' houses, pitched out their furniture and set fire to it in the streets. One hundred and fifty-five houses and 84 shops were looted. The mob seized Rabbi Kohen, shaved one-half of his head and led him through the streets dressed as a clown. The populace mocked the rabbi, spat upon him and cursed him and his race. A prominent Hebrew, Solomon Landau, was compelled to adjure the Jewish faith in the public market place on the pain of death.

**French Boats Insulaire and Liban Collide**  
**The Horror Is Intensified By The Bursting of Boilers of Sinking Ship--Several Ships In Vicinity of The Disaster**

Marseilles, June 8—(Bulletin)—The latest report today regarding the loss of life in the sinking of the steamer Liban, which was in collision off Marseilles yesterday gives the dead as 187. Of this number 33 bodies have already been recovered. There were 249 persons aboard the Liban when she went down, and although heroic work was done by the crews of the steamer Insulaire, which rammed the Liban and the pilot boat Blechamp, but 33 of the ill-fated steamers passengers were picked up. The captain of the Liban is censured because he was not directing his ship properly, while blame is placed at the door of the Insulaire's captain because he did not do more to rescue the passengers of the sinking vessel.

Marseilles, June 8—More than 100 persons, passengers and crew, were drowned near Marseilles Sunday in a collision between the Insulaire and the Liban, passenger steamers belonging to the Fraissinet Steamship company, of Marseilles. The Liban sank, and 77 passengers and 17 of the crew were saved while the remainder perished. The steamer Liban left Marseilles on her regular passenger trip to Bastia, Corsica, and was run down and sunk by the Insulaire off the Marseilles Islands.

The collision was witnessed from the pilot boat Blechamp, which was about two miles distant. The Blechamp immediately repaired to the spot to render assistance.

The force of the collision had cut a great hole in the Liban's side and it already was making water rapidly.

The captain saw that the only chance was to run the steamer aground, and the Liban was headed full speed for the shore; but within 17 minutes after the collision, and while still in deep water, the fore part of the steamer plunged beneath the waves and a few minutes later it had disappeared.

In the meantime, the Blechamp, the steamer Balkan, also belonging to the Fraissinet Company, and other vessels had drawn near the sinking ship and were making desperate efforts to rescue those on board. The Blechamp picked up 49 persons, many of whom were at the point of exhaustion. The Balkan rescued 37 passengers and up to the present time it is known that in addition to the passengers, 17 of the crew were also saved.

Officers of the steamer Balkan described the scene just before the Liban disappeared as a terrible one. As the vessel was sinking it was inclined at such an angle that her masts struck the water, causing an eddy which made the work of rescue most difficult. A mass of human beings was clinging to the foundering vessel and uttering despairing cries as it went down. At the same time the boilers exploded, intensifying the horror. For a few moments the victims were seen struggling in the sea, then the waves closed over them and all was silent. Of about 200 passengers who were aboard the Liban it is feared that half were drowned.

The Balkan launched three boats, and the other vessels did all possible to save the victims in the short time.

Action of Yale College in Order to Gratify the Last Wish of a Dying Student.

New Haven, Conn., June 8—Thomas Henry Curran, a member of the senior class in the Academy Department of Yale, was buried from St. Mary's Catholic church after an impressive service. Curran died of tuberculosis at the home of his parents in Lake Place, this city.

It has become known that the corporation of Yale took unprecedented action in order to gratify the dying wish of the young man, who, until January last, when his health broke down had stood among the first scholars of his class.

When he was told a short time ago that he could hope to live but a few weeks, he expressed a hope that he might live just long enough to receive his degree from Yale. This wish he repeated to his family and his physician and the later went to see President Hadley and told him of the facts in the case.

"Mr. Curran shall have his degree," said President Hadley, "even though Yale shall have to break all rules to give it to him."

A meeting of the corporation was called and on Tuesday last a report of the University carried to the young man the sheepskin with the great seal of Yale upon it and a cum laude attached. The young man smiled, and said to his mother and sisters: "Now I am ready to go."

From that moment he sank rapidly and within 24 hours breathed his last with his bachelor's degree lying on a table at his bedside.

## DR. HUNT

### PREACHED BACCALAUREATE ON SUNDAY

Before the Graduating Class of Denison University at Granville Baptist Church.

Granville, O., June 8—Commencement week opened very auspiciously in Granville yesterday, the service of baccalaureate Sunday being very interesting and largely attended. The morning service consisted of the regular baccalaureate sermon delivered before the Senior class by President Hunt. Special music added much to the attractiveness of the service, the offertory solo by Miss Edna Stranathan being especially worthy of mention.

Dr. Hunt chose as his text the words of Paul: "But we all with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the spirit of the Lord." In substance he said: Paul speaks with a note of confidence. Speaking as he did from a knowledge of the best his age could give, he never hesitated to compare Christianity with the best the world could offer, and claim for it the superiority. Here he gives a summing up of the aims and process of the Christian life. The aim he sets before us is Christian transfiguration into likeness to Him. Of the whole Christian life, in the thought of God, is character the aim and purpose. The glory of God and the glory which he wishes to see in us is moral character. There is no glory that will be glory by and by but the glory that is his. What we think, say and do is of account only as it represents what we are. Likeness to God is the purpose of God for us. Nothing less dare we make ours. The honest use of the means given us will enable us to mount step by step, each new light, bringing a broader outlook.

The acid eats into the plate and the etching is the result. Good and evil are etched into our lives. That upon which we look, to which we listen, that for which we earnestly long, all our surroundings are expending their transforming power upon us. Ideals transform us according as they are higher and lower than we ourselves. As we look and long toward the glory of God, we are doing our part toward the transformation mentioned in the text.

Method, however, is nothing without power. The Christian life is not an imitation, even of Christ himself. There is no virtue to produce the Christian life in merely doing what he did or would do. We must have something more than a pattern to overcome the weaknesses and imperfections of our characters. What we need is power, the power that He alone can give and with which he can work in us the otherwise impossible.

I am sure that the one thing we wish most of all for those who stand here on the threshold of a career, is that they may be thoroughly Christian and many estimate aright the ideals of life. No better, no higher thing can we desire for them than that they may hold all things at their right relative value and that they may live with the power He is able to give. Left the veil of selfishness, of prejudice, of indifference and begin to behold Him. Set the Lord always before thee, there is no safer place, no place of greater power nor greater usefulness. Resolve and then surrender, for in that resolve and in that surrender are the secrets of the Lord's power and glory.

In the evening President Weston of the Crozier Theological seminary, preached a very beautiful and impressive sermon before the Christian Association of the University.

## KAPPA PHI

Sorority Entertained a Large Number of Friends at "Bryn Mawr" Saturday Evening.

Granville, O., June 7—One of the prettiest social functions that has occurred for some time was that of Saturday evening, when the members of Kappa Phi Sorority entertained a large number of friends at "Bryn Mawr," the beautiful country home of

Miss Stella Moore, in honor of their alumnae. The guests were received in the drawing room by Misses Jessie King, Inez Clark and Stella Moore. On account of the rain storm the party was prevented from using the extensive lawn, but this was not regretted since the house inside was made especially pleasant by the artistic decorations. The drawing room was very beautifully decorated in green and white, the large fire place being entirely covered from the floor to the mantel with asparagus, fern and daisies, while the alcove between the windows was filled with maple boughs, ferns and the Sorority pennant hanging among them. In the dining room the decorations were as attractive. Ropes of fern were draped effectively from the chandelier to the corners of the table, on which were placed great clusters of deep pink tea roses, the Sorority flower. During the evening exquisite music was rendered and dainty refreshments were served. The following alumnae were present: Misses Dorothy Kibler and Florence Stewart of Newark; Ethel Field, Ft. Wayne, Ind.; Inez Clarke, Kansas City; Florence Parish, Pittsburgh; Katherine Ehrenhart, Springfield; Mrs. Myra Gould Summers, Toledo; and Miss Stella Case, Granville. Besides the alumnae and active members the following were in attendance: Misses Eloise Morley, Sandusky; Julia Roedel, Zanesville; Pearl Ferguson, Alice Dalziel and Miss Flanagan, Messrs. Harold Chaffee, Ned Roberts, Mr. Sperard, Whitcombe Sheppardson, Harry Tamblin Walter Flory, Ralph Miller, Robert Hunt, Mr. Harding, Verne Priest, Paul McKibbin, Ernest Field, Wm. Sproull, Joseph Green, Frank Morley, Dwight Sample, Clifford Wiltsee, Alfred Colby, John Whalen, Howard Flanagan, John Eagleson, Merrill Montgomerie, Arthur Peckham, Robert Sullivan, John Swartz, Leonard Fox, Albert Jones, Arthur Judson, O. C. Montgomery, of Newark, Mr. Hosier of Dayton, and Will Lewis.

## GRANVILLE

Another Successful Year in the High School—A Budget of College Town Personals.

Granville, June 8—Another school year has passed and it has been an exceedingly profitable one. The Granville public schools have never made greater strides than in the past year, and it is to be hoped that the good work may continue. Superintendent Coons and his corps of able teachers deserve much praise for their efforts bent toward the good of the schools. Granville people have much reason to be proud of their schools and all the people should lend every effort to assist in keeping them in their present worthy state.

Prof. C. L. Williams left Saturday for Dayton, where he preached in the Baptist church. From Dayton he goes to Princeton, where he delivers an address. On Saturday he sails for Europe in company with Drs. Colwell and Hundley, and the Misses Elizabeth and Rachel Colwell.

Miss Ray Gilpatrick, Denison '02, who has been teaching in New Jersey for the past year, is visiting at the home of her parents, Prof. and Mrs. J. L. Gilpatrick.

Professor and Mrs. T. L. Watson have left Granville for the summer. The Professor will devote his entire attention during vacation to field work in the copper deposits along the eastern coast of the United States. Mrs. Watson will spend the summer with relatives in Atlanta, Ga.

### PAINFULLY HURT.

Granville, O., June 8—Arthur Griffith of this place, who has been working at the Newark steel plant for some time, met with a very painful accident on Saturday. He was engaged at work when he slipped and fell, tearing the cap off one of his knees. He will be unable to work for some days.

Albert Horton, of Granger street, had a little difficulty with Guy Steele on Saturday, which terminated in Steele striking Horton over the eye with a beer bottle.

### WM. DAY'S DEATH.

Croton, O., June 8—William Day, of McBride, whose death was caused by consumption, was buried Sunday at Bethel church, west of here. Mr. Day who was 49 years old, leaves a wife and one son.

## BOTH LEGS

MANGLED BY BUCKEYE LAKE CAR SATURDAY NIGHT.

Lad Fell Asleep on Platform by the Track Near Kirkersville and Was Badly Hurt.

Kirkersville, O., June 8—Harrison Parker, the 15 year old son of Summerville Parker of Etna, Licking county was frightfully injured, possibly fatally hurt, by an electric motor on the Columbus, Buckeye Lake and Newark Traction line late Sunday night.

The lad had gone to the stopping place in front of I. R. Parkinson's farm, midway between Etna and Kirkersville to board a car for Etna. As he sat down on the platform to wait for the interurban he became drowsy and got up to walk down the track and back to arouse himself. The second time he sat down on the platform and this time he fell asleep, his feet projecting over the track. The 10 o'clock interurban soon came along and struck the boy but the crew of the car did not know that the accident had occurred. Mr. Parkinson heard the little fellow's cries for help and went to his assistance. The boy was removed to Etna and was taken by Dr. C. D. Watkins to the St. Francis hospital in Columbus at midnight.

The boy's right leg was broken in two places, at the ankle and above the ankle and the left leg was fractured half way between the knee and ankle. Both were badly mangled.

Dr. Watkins told the Advocate correspondent this morning that one leg and possibly both would have to be amputated.

### SOLDIERS GATHERING.

Kirkersville, O., June 8—There was a splendid gathering of old soldiers here at the Odd Fellows' hall Saturday evening. Forty veterans headed by Colonel Curry being present from Columbus. Capt. James H. Smith was up from Newark and Deputy Warden Wells, Capt. Kirkendall of the First Ohio Cavalry and "Aunt" Maggie Pickering of Columbus were among those present. The visitors were well entertained and everybody present had a fine time.

### COSHOCKTON RESULTS.

Coshockton, O., June 8—The Democratic primary election in Coshockton county resulted: Representative, J. A. B. Siny; Prosecuting Attorney, Joseph McDowell; Treasurer, Richard Clark; Sheriff, D. D. Leavengood; Recorder, C. M. Bible; Commissioner, A. J. Darling; Infirmary Director, Henry Eprich; Surveyor, George Bock.

### ONE AT VANATTA.

Vanatta, O., June 8—There will be an ice cream and strawberry social at the town hall, vanatta, Thursday evening, June 11, 1903. Benefits to go to the Lutheran church.

### ICE CREAM SOCIAL.

St. Louisville, June 8—There will be a strawberry and ice cream social at Belt's hall Thursday night this week for the benefit of the Lutheran church.

## NEW SERUM

For Treatment of Consumption Has Proved a Success—Claims of Dr. H. C. H. Herold.

Newark, N. J., June 8—Dr. H. C. H. Herold of the Board of Health, for a year and a half has been experimenting with antioxin as a cure of consumption and has been so successful in producing a serum which has alleviated in all cases where applied, and cured in some, that he has asked the City Government to make an appropriation for carrying on the work. In speaking of his experiments Dr. Herold says:

"During the year 43 different physicians have used the antioxin on upward of 150 different patients, and when we consider the character of the disease, with which we are dealing, the results amply justify the use of the remedy."

"It was not expected that this remedy or any other that has ever been suggested for this disease, can cure every case that presents itself for treatment, as many cases of consumption are not discovered until irreparable destruction of tissue has taken place, but it

is gratifying to report that almost all cases, even advanced ones, are benefited to a greater or less extent, and invariably when cases in the earlier stages of consumption are put on this treatment the disease is arrested, and we have complete histories of seven cases that have to all intents and purposes been entirely cured without change or other treatment."

"In these seven cases the tubercle bacilli have entirely disappeared from the sputum and the physical condition of the patient shows no evidence of the disease."

It is believed the City Government will readily comply with the request of the Board of Health, that the value of the serum may be definitely ascertained.

## BABY GIRL

Given by Its Mother to Woman Whom She Chanced to Meet in the Theatre.

Indianapolis, Ind., June 8—A pretty story of how a bright eyed baby girl was given away during a matinee performance at the Park theatre here has come to light through the application of Mr. and Mrs. Charles Averill of 2109 Ruckle street, for papers for the legal adoption of Jennie May Kunkle.

The Averills are childless. Their little ones have been dead for some time. Mrs. Averill went to the matinee.

Seated in front of her was a young mother with a babe that attracted her attention. Mrs. Averill engaged in a conversation with the young mother, told her own story of the loss of her little ones, and told how her heart yearned for them. The young mother then related that her husband, who is but 19, had gone to the Philippines and how hard it was for them to get along.

"Why don't you give me the baby?" asked Mrs. Averill, innocently. "I'll take good care of her."

The young mother thought that Mrs. Averill was only joking, but she replied, "Would you take her?" Mrs. Averill declared that she would, and would give her a good home. The mother held the little one tightly to her breast as if afraid to trust her to the care of any one, but finally with an effort she said, "You may take her."

The baby has now been at the Averill home for two weeks. Mr. Averill has found that she is of good parentage, and made arrangements to adopt her legally.

### Making Matters Worse.

Amateur Critic in the studio of Z., the great painter—Splendid picture, really! Allow me to compliment you. But why did you choose such an ugly model?

"She's my sister."

"Oh, pardon! How foolish of me! I ought of course to have noticed the resemblance."

### After It.

A.—Let me see! Somewhere I read of a book entitled "A Young Girl's Heart." Do you know anything of it?

B.—Yes; it came out just after "A Young Man's Purse."

### SONGSTERS IN DANGER.

Robins and Bluebirds Doomed to Extinction by Foreagers.

The robin red breast and the bluebird are doomed to extermination unless some stringent measures are taken for their preservation, says the Washington correspondent of the Philadelphia Press. This is the opinion of the ornithologists of the department of agriculture. These favorite song birds make their winter home in the gulf states, and a changed condition, brought about by the development of industries in that section, threatens their destruction. The substitution of Italians and southern Europeans for negroes in the labor fields in Louisiana, Mississippi and other gulf states by capitalists has driven the negro out and in doing so has let in the enemy of the small birds. It is reported that these foreigners wage relentless war upon the robin, bluebird and other migratory birds that winter in the south, killing them for food. The negro would not touch them, as with most of the colored people of the south the song bird is sacred.

An ornithologist of the department in discussing the matter the other day said: "About all the migratory birds in the United States and parts of Canada are in the cold weather massed in Texas, Louisiana, Mississippi, Alabama and Florida. They are there in myriads. The population in these states is increasing rapidly and unfortunately is one that makes no distinction among the birds. The slaughter is awful. When thousands upon thousands of one species of birds are killed here it is safe to say this species is doomed. This seems to be what has happened to the sociable songster of the farmyard and orchard, the robin, and even the bluebird is being shot off the face of the earth. Until the states get together and adopt uniform protective laws there will be no hope for the preservation of these birds."

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Balm, which we sell under a positive guarantee. It will always cure Scrofulous or Syphilitic poisons and all blood diseases. 50 cts. and \$1.00. For sale by Collins & Son.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root, sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### At Buckeye Lake.

A merry crowd of young people people from the vicinity of Mt. Carmel spent the day at Buckeye Lake Saturday, leaving Newark on the 9 o'clock interurban. The crowd was met by Col. Wells who extended a cordial welcome. The remainder of the forenoon was spent in viewing the beautiful grounds. Promptly at 12 tables were placed in the large pavilion, where a sumptuous dinner was partaken of. The afternoon was spent in boat riding. Promptly at 1 o'clock the crowd boarded the steamer Alert, with Captain Fisher at the wheel, for a trip around the lake, via Shell Beach and Lakeside. On returning supper was partaken of, then bidding Buckeye Lake adieu the merry party boarded the car and were soon in Newark. Those comprising the party were the following: Misses Nellie Brown, Irene Vermilion, Ethel Vermilion, Fern Morgan, Allie Shell, Mantie Hartshorn, Flossie Parr, Lou Bradley, Messrs. Edward Vermilion, Abram Brown, James Hunter, Frank Morgan, Tony Hunter, Ed Brown, Oscar Brown.

### Lost Pins.

What becomes of pins?  
It would really seem reflecting upon the daily disappearance of pins that the earth would be covered with them and that the annual fall if measured would amount to several inches. Women who start out with pins playing a useful part in the details of a gown will tell you that they never can find a pin; that they are always buying pins; that they are eternally losing them. In the dressmaker's rooms the expenditure for pins is no small item. The average dressmaker uses and loses twelve papers of pins a month. Yet the floors of her rooms are not matted with them, and frequently her wall goes up. "What has become of all the pins?" Where indeed do they go? Is there a crust of pins subtly forming under the everyday sweep that will puzzle explorers in some far age to come?—Philadelphia Ledger.

### The Victoria Medal.

The Victoria medal is made out of bronze from Russian guns captured in the Crimean war. The design is the work of the prince consort of Queen Victoria. The medals are made separately and only when one is needed. Thus when some soldier or sailor, no matter what his rank may be, has shown "conspicuous bravery or devotion to the country in the presence of danger," as the act reads, the war office sends to the royal jeweler the bronze needed for the medal. It is carefully cast, filed smooth around the edges and then the design is brought out by chasing. The soldier's medal is suspended by a red ribbon and that of the sailor by a blue piece of silk.

### A Letter to Mother.

"You promised mother a letter. Write it now," is one of the mottoes on the walls of the Nagasaki Home For Seamen, a motto that it is asserted, has restrained more men from going wrong than almost any other influence of the place. Wanderers over the globe are not the only ones who need such a reminder. Indeed they might be able to give lessons in filial duty to many who have never realized how fortunate they are that home and mother are not far away, but near at hand.—Youth's Companion.

### IN A HURRY

A COUPLE FROM PENNSYLVANIA WERE MARRIED.

Groom Said He Was Treasurer of Green County—Married by 'Squire Atcherley.

A man and woman came to Newark Sunday evening from the east, and getting off a Pan Handle train they were driven to the Ludlow Hotel, where the couple registered as J. H. Hagan, Waynesburg, Pa., and Mary E. Eakin, Newark, Ohio.

Mr. Hagan told Mr. Wallace, manager of the hotel, that he had traveled all day, and wanted to be married to the woman who had come from the east with him. He said he was treasurer of Green county, Pa., but volunteered no information about his bride to be.

A carriage was sent to the residence of Probate Judge Walter A. Irvine, and that official was brought to the Court House. He issued a marriage license to Hagan and 'Squire J. R. Atcherley was brought to the hotel, where he performed the ceremony which made J. H. Hagan and Mary Eakin, man and wife.

As soon as they were married Mr. and Mrs. Hagan were driven to the Pan Handle depot and took the 9:30 train for the east. The wedding with the surrounding circumstances, had every appearance of being an elopement, but as both were of age and there was no legal impediment to their marriage, the ceremony was performed.

### KANSAS FLOOD STORIES.

Incidents of the Great Disaster at Topeka.

Here are some incidents of the recent disaster caused by the great flood at Topeka, Kan.:

Charles Scott, a nurseryman, his wife and three children were driven to the roof of their cottage on Friday night, June 29. They remained there until 3 o'clock Saturday afternoon, when the cottage rose from its foundations and began floating away. The building struck a clump of trees, which held it. Scott managed to get his wife and children into the tops of the trees. He tore his coat into strips to tie the little ones and his wife so that they would not lose their hold and fall into the flood. A cold north wind chilled them to the bone, and many times it seemed that they must succumb. Scott called for help until he was exhausted, it being impossible to make his voice heard above the roar of the waters. They were all rescued at 1 o'clock Sunday morning.

Thomas Reese had a bitter fight to rescue his wife and four children. He realized the danger early in the flood, and this, coupled with a perfect knowledge of his surroundings and fine pluck, saved them all. One by one he carried his wife and the children from one high point to another. He was five hours in getting them to a place of safety. At times the water was up to his armpits.

In the awful darkness of Saturday night D. T. Gregg, with his father and mother, was taken from the second story of their home by a rowboat. The carman had scarce headed his craft around when the current hurried it against a tree and capsized it. As the boat turned, the occupants grasped the branches of the tree and another boat came to their aid, taking them to a place of safety.

"Friday night was made terrible by the shrieks and cries for help that came from all the houses about us," said Mr. Gregg. "That is the memory of the flood that will remain with me longest. I could hear the people begging to be saved and swearing that they would kill themselves if help did not come. I heard one man shriek that he would kill himself and all his family if some one did not take him from the waters that were trying to swallow them. The frightful suspense drove the helpless ones insane for the time."

### NOVEL USE OF SHEEP.

Put in Battle Ship Turrets to Test Shock of Heavy Guns.

The new battle ship Henry IV. has just been subjected to a six hours' trial, which has given satisfactory results, says a Paris cable dispatch to the Cincinnati Commercial Tribune. During the trials the ship's heavy artillery was tested, and in order to discover what the effect on the vessel would be when the fore turret gun was fired sheep were placed at the posts which in action would be occupied by those serving the smaller guns over which the big turret gun fires.

After the discharge the commission examined the sheep, which were found to be stunned, but otherwise unharmed. It was therefore concluded that as men have a greater power of resistance than sheep the gunners in the turret would suffer no serious harm through the firing of the guns.

### PASTOR TO BILL HIS TOWN.

Summer Sermons to Be Advertised Like a Circus.

The Rev. C. H. Jones has made a contract with a billboard to bill the city of Oswego, N. Y., advertising his sermons in the thorough and effective manner of a circus manager, says the New York World.

Mr. Jones is pastor of the First Presbyterian church, and through the summer months he is to hold daily services which are called "twilight meetings." These are the services he is advertising, and some of the specialties announced are twelve minute talks on such taking subjects as "A Cure For the Blues," "Antiseptic Christians" and "The Sixth Sense." These are outside features of the main talks.

### The President's Invoice.

"Let me see," says Ted As he scratched his head; "Those breaded moccasins were given to me by the Chief Sore Knee. That picture of the twins I believe I got from a Kansas tot. The badge, calling there. From the same state came. I forget the name. And hang me if I care. Those blankets and pots With the gauzy spots. There from New Mexico. I may not be glad, But I'm far from sad. It's not a state, you know. And the golden keys—Such a wealth of these—Are from the Golden State. Where they grow big trees And some I'll D's. Out near the Golden Gate. But the other trick That has run amuck And landed in my car I'd like mighty well If any could tell. Me, whence and what they are—Some bristles of hair And many a pair of buckskin trousers; There are pipes of peace (May their tribe increase). A million souvenir spoons; There are bowie knives That have taken lives. Elk antlers by the score, With the deerskin suits And the riding boots And belts a hundred more. Oh, what shall I do With the things, say you? And where shall I unload? Though I need them not, Yet with each a lot Of warm affection flowed From a loyal heart: 'Twere the ingrate's part Such gifts to scorn or scoff; So right where we are We will stop the car And gently dump them off." —W. B. Gilliam in Baltimore American.

## PRIMARY

VOTE RECEIVED BY CANDIDATES ON SATURDAY.

A List of the Delegates, Supervisors and Central Committeemen Who Are Chosen.

The supervisors of the Democratic primary election held on Saturday, the candidates and other interested Democratic men in the convention room of the Court House Monday to canvass the votes and announce the result.

On motion Roderick Jones of Granville was made Chairman of the meeting in place of W. D. Benner, Chairman of the County Central Committee, who declined to serve as he was a candidate.

F. L. Ferguson and W. F. Gates were elected as secretaries of the meeting.

The returns were then handed in by each supervisor in the county and carefully tabulated and the footings for the respective candidates were made, after which an adjournment was had until 11:30 o'clock, when Chas. W. Miller of Newark, was elected Chairman and the same secretaries served as in the morning.

The Chairman announced the result of the nominations as will be found below and in the editorial columns of this paper.

The assemblage then resolved itself into a ratification meeting and calls were then made for the successful and unsuccessful candidates. The following gentlemen responded in the order named: W. D. Benner, W. D. Fulton, J. C. Malone, W. N. Fulton, Frank Showman, Burr D. Jackson and J. W. Hursey. All the candidates thanked their friends for the support that had been given them and pledged their support to the whole Democratic ticket this fall. C. S. Howard through County Clerk, O. C. Larson said that although defeated that he would do all in his power for the success of the ticket this fall, while Harry Burkham, who was unable to be present, also sent word that he would be found in the thickest of the fray working for Democratic victory.

Calls were then made for Judge E. M. P. Bristle, who responded in one of his ringing old time Democratic speeches, urging the Democrats to unity and harmony and predicting Democratic success. The meeting throughout was large, harmonious and enthusiastic, and is a sure forerunner of a sweeping Democratic victory at the polls this fall all along the line.

Owing to the fact that the tabulation of the returns from Saturday's Democratic primary election was not complete until a late hour the table is not published today. The total vote received by each candidate is given below, however and a list of the senatorial delegates, the supervisors and central committeemen is also given below. Tuesday's Advocate will contain the vote in tabular form showing the vote of each candidate in each precinct of the county.

The official count of the votes was made and the result announced as follows:

For Representative:  
W. D. Benner.....1170  
W. D. Fulton.....1168  
J. C. Malone.....745  
Benner's plurality.....2

For Treasurer:

## WOODMEN

DECORATE GRAVES OF THEIR FALLEN BROTHERS.

Three Hundred March to Cedar Hill—Addresses by Judge Jones and Dr. J. W. Maxwell.

Cedar Camp, 472 Modern Woodmen of America, held memorial services Sunday in honor of the neighbors who are buried in Cedar Hill cemetery. About 300 members of the camp assembled on the west side of the square, and marched to the cemetery, where wreaths of flowers were placed on the graves of those who had finished their work in life's great contest. After this ceremony all assembled at the central mound, where Neighbor James W. Rutledge, as the chairman, called the meeting to order. Two addresses were made, one by Judge W. A. Irvine, the other by Rev. J. W. Maxwell, which were profitable in turning the minds of the hearers into channels of "better thought, and kindly remembrance of those neighbors whose life work had been finished. The quartette of the Second M. E. church rendered some choice and impressive music.

Following is the eloquent address delivered by Dr. J. W. Maxwell:

Sorrow for the dead is only sorrow from which we refuse to be divorced. Every other wound we seek to heal, every other sorrow to forget. This wound we keep open, this sorrow we cherish. These memorial services emphasize the fact, that there is something within us that the so-called King of Terrors cannot touch and destroy, something that the icy hand of death cannot chill, that the floods of sorrow cannot drown. It remains as fresh and fragrant as the flowers that bloom in our gardens. This rare gem is of priceless value, more precious than the crown gem that decks the brow of royalty. It is as endless as eternity, and as immortal as God—its author. Memory is the cabinet of imagination, the treasury of reason, the council chamber of thoughts and the treasure house of the mind. It will survive the wreck of worlds and the destruction of matter. There is consolation in the thought that when we leave the scenes of this life for the life beyond, that we will not be forgotten by those who survive us. The flowers we lovingly strew on the graves of our departed friends have been beautifully termed "the thoughts of God," perfect and symmetrical in form, beautiful in color, and sweet in perfume. They are expressive symbols of the loving memory in which we hold our dead. This custom of decorating the graves of the dead is as widely observed as the domain of civilized man, and overleaps national boundaries and the lines that circumscribe race and religion. Neighbors, I hear the steady and measured tramp of an host of Modern Woodmen of America in line, as they march to the mounds where sleep the mortal remains of ten thousand of our comrades who have fallen by the way in the twenty years of our organization. And in addition to the thirty millions of dollars that have been paid to the widows and orphans of these, our brother, we feel that our duty is not ended, and as we stand with them by their graves today, the air is made redolent with the odor of the sweet incense that we pour out on their graves, and to their memories.

The work of our brothers with the beetle, ax and wedge is over. Their journey in Woodcraft is ended, but the lessons they learned on their journey in the busy marts of trade and commerce, of the greed avarice and selfishness of mankind when not obliged to aid their fellowmen in the hour of need and calamity, the advice given to prepare for the future emergencies that are sure to overtake all alike, was not lost. He was aided through a dark and dismal forest, and in the gathering shades of night sought and found shelter and aid from the forest patriarch, whose wise counsel refreshed the mind and soul.

The solemn dead watch kept by sons of the forest, about the Camp of the Modern Woodmen of America, reminded them of their own fleeting mortality. The warning will not be found wanting who weighed in the true balances of God.

The value of our coin, and the tests of fidelity were all faithfully learned in life. Contribute this day is also extended to those of our rank that have fallen by the wayside and sleep in unknown graves. Yes, it is with that broad catholic spirit that

embraces the brotherhood of mankind under the loving and fostering fatherhood of God, that we desire to win all men to Him who freely gave himself for us all and tasted death for every man, that all by a personal acceptance of Him in His atonement, might have a right to the tree of life, and a part in the first resurrection of the just from the dead. May the palm of peace extended from the hand of the Prince of Peace, the light from the Star of Bethlehem, and the shield of faith lead them and us into the eternal Arcana, into "that house not made with hands which hath foundations, whose builder and maker is God, that many mansioned city eternal in the heavens."

## TOMORROW

Is the Date for the Appearance of Pawnee Bill's Wild West Show at Newark.

With gorgeous posters, many colored pamphlets and an abundance of interesting literature scattered broadcast the managers of the Pawnee Bill endeavor to give the public an idea of their magnificent exhibition. But they have only partially succeeded. One must visit the performance; must see with his own eyes; must listen with his own ears, and drink in with his senses the full glory, grandeur and stupendous propositions of the mighty exposition, for it is nothing short of an educational exposition. The promoters of this mighty undertaking are deserving, not alone of a generous public patronage, but also of the gratitude of all public spirited and patriotic citizens, for the elevating, educational influence of their meritorious performances. Morally, mentally, patriotically, we are all better off for having visited this splendid show. Pawnee Bill's show comes to Newark tomorrow (June 9).

## NERVOUS DYSPEPSIA. ITS CAUSE AND CURE.

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything, everything, at any time in half the time required, and like an over driven horse, it balks. Nature intended the stomach should have regular hours. A time to work, a time to rest—and when you break up this habit you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lives heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills is the cure.

Mrs. S. T. Weakley of No. 119 South Fifth street, Newark, O., says: "Dr. A. W. Chase's Nerve Pills are all right. My digestion was weak, food did not digest and distressed after eating. This made me nervous and dull. I was told the Nerve Pills would cure this and they did. The digestion, stomach and nerves are strong again and I am glad I got the medicine at Bricker's City Drug Store." See a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. ## FRUIT AT THE BREAKFAST TABLE

Nature Provides its own remedies which, if used judiciously, insure perfect health at all times

Aside from the pleasure of eating seasonal fruits before beginning the first meal of the day, this custom has undoubtedly arisen from the well known fact that nearly all fruit and more particularly plums and PRUNES contain natural laxative principles which act directly on the stomach and bowels. Constipation, that dread and troublesome complaint which is undoubtedly the basic cause of nine-tenths of the prevalent ailments of our people to-day, and which if neglected, surely leads to more complicated and serious organic diseases, can surely be prevented, and when not too far advanced, can be absolutely cured by the judicious use of the modern laxative and cathartic California Prune Wafers.

They are not a patent medicine in the ordinary sense of the word, being compounded from fresh California Prunes, which every intelligent person knows is truly nature's laxative.

A dainty little wafer, always the same,

compounded in a highly concentrated form from fresh California Prunes, they are a natural dissolvent, acting on the contents of the stomach and bowels and not on the organs themselves.

They regulate the Liver and Stomach, Cleanse the System and Purify the Blood, Cure all Bowel Troubles, Bilelessness, Bad Breath, Bad Blood, Wind on the Stomach, Bloated Bowels, Pouch Mouth, Headache, Indigestion, Pimples and Dizziness.

Every household should have its family package of CALIFORNIA PRUNE WAFERS, and at the first signs of approaching illness, or when under the weather, take a couple of wafers, and the doctor's bills will soon be much smaller than they are now.

You can eat what you please if you follow each meal with a CALIFORNIA PRUNE WAFER, which quickly dissolves the most indigestible food, and helps to carry it through and out of the system in a gentle and healthful manner, without the slightest pain, griping or nausea. 100 Wafers for 25c.

## IDLEWILDE

OPENED BASE BALL SEASON AT NEWARK

Defeating the Strong Unions of Columbus by Score of 3 to 1—A Fine Game.

The Idlewilde baseball team opened the season at home Sunday, with a game with the Unions, one of the strongest teams in Columbus. A crowd of probably 2,500 saw the best game ever played in Newark for years, but as the field had not been entirely enclosed, the great majority of the crowd saw the game for nothing. The grand stand and bleachers were comfortably filled, however, and the opening was in every way satisfactory to everyone connected with the representative team of Newark.

The Unions presented their strongest team, while Manager Driscoll sent Whalen into the box to do slab duty for his team. The selection proved to be a wise one, as the little right-hander pitched a great game, and with sensational support always held his opponents safe. He was a trifle wild, hitting several batsmen, but they could not make the circuit of the bases, as Whalen would settle down and get himself out of any tight place his wildness put him in.

The Columbus players made three misplays, which were costly, two of the home team's runs being directly due to these errors, but otherwise the team played fine ball.

The fielding of the home team was perfect, not an error marring their record. The Unions' only run was made in the first inning. A runner was on third when a slow grounder was sent down to Cubbison, who picked up the ball and threw to Ryan to catch Rickey. The throw was true but slightly high, and as the Newark catcher got the ball Rickey slid under and was safe at the plate. At no other time did the visitors get within sight of the home plate, and only twice as far as third.

Newark's runs were made by clever baseball playing, and Ferguson's scientific sacrifice hitting was a potent factor in scoring them all. Neither team did much batting as the pitchers were both on their mettle and made safe hitting an exception.

The fielding of the home team was sensational, and kept the crowd up to a high pitch of enthusiasm. Cole at first on two occasions knocked down sure base hits, and by quick work retired the runner at first. Ferguson and Miller also did brilliant work and took part in a lightning double play. Ryan's catching and throwing to bases were features of the home teams play, and Hildebrand in center made two pretty catches of hard hit balls.

Kelley retired ten of the Idlewilde players on strikes, and his support had no hard chances.

"Jack" Rafferty of Zanesville umpired in the most satisfactory manner. His decisions were given promptly and in a voice that could be distinctly heard in the remotest corner of the field. The following is a tabulated score of the game.

## DENISON

MAY WIN CHAMPIONSHIP OF 1903 SEASON.

Two Games to be Played This Week Will Tell the Tale—Standing of the Teams.

The following table corrected to date, shows the standing of five of the college teams of Ohio, which are members of the "Big Six," Western Reserve not being considered, as we do not have the figures. This college, however, does not figure in the championship:

O. S. U.....	5	2	1	.714
Case.....	4	2	0	.667
O. W. U.....	3	4	0	.429
Oberlin.....	2	3	0	.400
Kenyon.....	1	3	1	.275

W. R. U. not considered.

With Denison added to this list and considering only games between the teams mentioned, the table stands:

Denison.....	4	1	0	.800
O. S. U.....	5	2	1	.714
Case.....	4	4	0	.500
Oberlin.....	2	3	0	.400
Kenyon.....	2	3	1	.400
O. W. U.....	3	5	0	.375

Denison still has games to play with Kenyon and O. W. U., while no further games are scheduled between the other teams. If Denison wins these two games, her claim to the championship would be uncontested. Should she win one and lose one of them she would still have a percentage equal to O. S. U. and a game between these two teams would have to decide the question. Thus far O. S. U. has refused to schedule a game with Denison.

But it is plain that Denison is in the championship race and is among the leaders. These two games will tell the tale.

## ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands, legs and face, and is a veritable torment at times, especially at night or when overheated.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons with which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders arrest hting and cooling they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

DEFEATED CASE SATURDAY ON BEAVER FIELD.

Granville Boys Pounded Out Victory in Ninth Inning—Some Star Playing Done.

Amid a scene of pandemonium seldom seen in Granville, Denison University snatched a game from Case school, on Saturday afternoon, and turned almost sure defeat into a glorious and enthusiastic victory.

The game was one in which both teams played a great game, and the crowd was kept in a constant state of excitement by sensational pieces of fielding. Charlesworth the big Case football guard, played short for the visitors, and his work was as good as any ever seen in Granville. His stops and throws were such that the player was accorded generous and hearty applause by the crowd of Denison supporters, who were impartial in their recognition of the visitors' fine play.

But the home team also came in for their share of the applause, and they deserved it. The infield and outfield played a steady and oftentimes brilliant game, Green and Roudeshaw doing especially good work.

But Scott, Denison's second baseman was the real hero of the occasion, and it will be many moons before those who witnessed the game will cease telling how Denison won from Case school on the eventful day of June 3, 1903.

Denison came to bat in the last half of the ninth with the score 4 to 5 against them. Baker Cases' pitcher, had been doing good work and receiving perfect support, and the game appeared hopelessly lost to the home team. Some enthusiasm was aroused when Green the first man up, placed a nice single over the infield. This increased when Swing attempted to sacrifice and his pretty bunt rolled safe. Baker then became a little unsteady, and sent Chambers to first on four bad ones. There were three on bases and none out, when Scott came to bat, and the crowd was rooting as only a college crowd can root. Scott fouled one, and the next one as it came over he landed on fair and hard. The ball sailed away into center field and as Resch was seen to start back the men on bases started for home, followed by the blonde haired second baseman. They chased each other around the bases, and as Chambers crossed the plate with the winning run, Scott was turning third. As he saw the pitcher score, he slackened his speed and was easily thrown out, but he had won the game, with his timely and clean hit.

Scott was the hero of the occasion, and he was literally carried off the field on the shoulders of the delirious Denison sympathizers. The following is the score:

**The Y. M. C. A. Team.**

A large number of baseball enthusiasts—members of the Y. M. C. A., interested in the baseball team, met in the Y. M. C. A. parlor Saturday night and launched the big law fete and band concert to be given this week, Saturday evening, just east of the Second Presbyterian church on Second street. Plans were adopted and committees appointed to make this the biggest affair of the kind ever given in Newark.

As the entire proceeds of the fete are to go to purchase uniforms for the teams and such other baseball goods as the teams shall need the members will be out in full force all week selling tickets.

To protect the purchasers of tickets, arrangements have been made to give the fete in the Y. M. C. A. gymnasium in case of rain on Saturday evening.

## THE W. C. T. U.

There will be no regular meeting of the W. C. T. U. Tuesday afternoon. Instead a parlor meeting at the home of the president, Mrs. Jennie P. Sisson, 131 West Main street, on Wednesday afternoon at 2:30 will be held. Mrs. Fannie Hillier, superintendent of flower mission, and Mrs. Johnson, superintendent of L. T. L., will be in charge, beginning promptly at 2:30. The following program will be rendered.

## SELECTIONS

RANK OF THE WHITE HOUSE

In Point of Architecture It Is in a Class by Itself.

One moonlight night in June, 1902, while strolling through the grounds with Mr. Charles F. McKim, one of the members of the park commission, we seated ourselves on one of those mounds which tradition ascribes to John Quincy Adams' taste in landscape architecture. That afternoon crowds of people arrayed in joyous costumes, befitting the semitropical mood, came from the hot city to rest under the trees and listen to the Saturday concert of the Marine band. The musicians, clad in white duck, were located in a little depression, so that the sound of the music rolled up the slopes to the attentive audience.

A year before we had observed the same effect at Versailles, and both the similarities and the differences of the two pictures were being discussed as we sat in the quiet night behind the locked gates where not a sound from the city streets broke the grateful noise of water splashing in the fountains. On the high portico the president sat amid a group of dinner guests, and the lights of their cigars were "echoed" by the drowsy fireflies flitting about the grounds, only the brilliantly lighted windows of the secretary's office even suggesting the workaday world. The moonlight, shining full on the White House, revealed the harmonious lines of its graceful shape.

"Tell me," I asked the architect, "among the great houses that have been built during recent years in the general style of the White House—many of them larger and much more costly—is there any that in point of architecture surpasses it?"

"No; there is not one in the same class with it," he replied deliberately, a judgment confirmed later under the noonday sun.—Century.

## The Great Sale Of Black Taffeta Silks

Planned for June will open on Tuesday (tomorrow) morning--These silks, 140 pieces in all, are new, none ever having been on sale before. They consist of four different widths and prices of Black Taffetas of "The Grandwear" quality. Also 30 pieces of Silk Moires, some solid colors in corded Taffeta, yard wide Chinas, Florentines and lining silks. In all it is the largest collection and in every way the most desirable lot of silks ever purchased by us for a silk sale.

**FIRST--40 Pieces of Yama Mai Silks**--This silk is known nation wide through the extensive advertising it has received in the Ladies Home Journal and other magazines as the best silk for skirts on the market, all other silk-makers say "ours is as good as Yama Mai." This is the real Yama Mai and is sold all over the country from 39c to 50c a yard. This entirely new lot of all colors, blues, maize, pinks, cardinals, browns, tans, etc.

**For Tuesday Morning 29c a yd.**

**SECOND--10 Pieces Yard Wide Habutai and Florentine Silks**--Only plain silk in this lot, Florentines, all blacks, Habutais all white. They are excellent qualities, desirable for summer wear, and sell at 65c and 75c respectively.

**For Tuesday Morning 50c a yd.**

**THIRD--\$1 Silk Moires to 58c a Yard**--The wheel, the hub, the center, whatever you call it. This is the lot that will catch the crowd--in quantity 40 pieces--In quality irresistible, in colors, all choice, from the lightest pearly grey through to sky blue, rose, pink, tan, cream, white, Nile, cardinal to black, every color, the bargain of the bunch. For coats, for skirts, for waists and for children's Summer Coats the silk most used. Also 15 pieces of solid color taffetas with fancy corded effects will be included in this lot. These are silks we sell at 90c a yard.

**For Tuesday Morning 58c a yd.**

**FOURTH--The "Grandwear" Black Taffetas**--They are all blacks, they are what their name signifies, splendid for wear, with the desirable rustle wanted in all silks used for petticoats. We have sold this brand for 3 seasons and can vouch for its satisfactoriness.

**The 19 Inch Ones**--8 pieces, a splendid handful, the same silk we sell at 59c **47c a yd**  
For Tuesday Morning

**The 24 Inch Silks**--Bearing the "Grandwear" ticket, 7 pieces of this heavy black silk in this extra width and quality. This is our 85c quality. For Tuesday **67c a yd**

**The Yard Wide Silk**--4 pieces of this width, and taking the width into consideration probably the cheapest, never sold less than \$1 a yd. For Tuesday at **82c a yd**

**3 Counters of Silk for the Silk Sale Tuesday, and the chance of the Year.**

### VERY ILL

AFTER EATING ICE CREAM AT A SOCIAL

All Quickly Recovered Except Miss Fullerton, Who is Still Confined to Her Bed.

Mrs. John Young of 370 Maiden street, Mrs. Robert Moran of Ridge avenue, Mrs. Chas. Moranville of Maiden street and Miss Laura Fullerton, who makes her home with Mrs. Young and several others who attended the Foresters' social at Brennan's hall on Saturday night, and ate heartily of the ice cream which was served there were taken ill afterward and Miss Fullerton developed alarming symptoms of poisoning on Sunday. Dr. R. G. Downs

was called and gave the young woman treatment and Monday she was some better, although still confined to her bed, and very weak.

The others mentioned became nauseated after eating the cream but none of them became seriously ill.

Miss Fullerton, Mrs. Young and the others are positive that the ice cream they ate caused their illness and they say that every one who partook of it, made the remark that it was "spoiled," but Dr. Downs said Monday that as he had made no analysis of it, he was not prepared to state that there was anything deleterious in the cream, but it is certain that it did not agree with many who ate it, and that it made Miss Fullerton very ill.

### ADDRESS

BY REV. L. C. SPARKS AT THE Y. M. C. A.

The Third of a Series on the Great Religious Leaders of the Past-- John Wesley.

The life and character of John Wesley. This was the subject of a very able discourse at the rooms of the Young Men's Christian Association on Sunday afternoon by the Rev. Mr. Sparks of the First M. E. church. It would be impossible in a short article to do full justice to the speaker in his portrayal of this most wonderful man. He dwelt upon all the salient points of his life and character, showing the powerful influence he extended upon the religious times in which he lived. In very many respects he was the greatest personality of his times, and wielded a greater influence for good than all his contemporaries. He

said that there was a man sent from God whose name was John Wesley. That God was partial to the name of John as he had given to the world, that great galaxy of reformers--John the Baptist, John the Evangelist, John Calvin, John Knox, John Huss and John Wesley. Each of these great men exerted a most powerful influence upon the age in which they lived, they were giants intellectually, and while each and all had more or less to do with molding the opinions of the age in which they lived, John Wesley in many respects was the peer, if not the greatest of them all.

He differed radically from Calvin--the former laid great stress upon the Divine sovereignty of God, while the latter, held tenaciously to the belief in man's free will. In other matters they held many views in common. Mr. Sparks went into a very close analysis of the character of this wonderful man and showed his foibles and weaknesses, as well as his nobler traits. He was fair and impartial, comparing him with the other great characters of his day, Luther, Calvin, Knox and others. Most speakers

where they become enthused upon a great character are too apt to allow their prejudices to carry them to extremes in their admiration--no so with the speaker--he presented the character of John Wesley in its true light, and pictured him as he really was.

The discourse was well delivered, at times he was very eloquent and seemed to be enthused with his theme, which was presented in a masterly manner. We regret that space does not permit us to make a more extended analysis of this eloquent address upon the character of one who in very many respects was the greatest man of his times, namely John Wesley.
